

Day of Prayer for the Unborn

Published by: Gary Merritt On: 03/18/2017 Under: Culture of Life

March 25th, 2017 marks the date for The Knights of Columbus Day of Prayer for the Unborn Child. All Councils are encouraged to begin organizing a Prayer Service or Mass on that day inviting the community including local officials, single mothers, parents, & anyone who might be facing a crisis pregnancy.

As with all of our events this needs to be communicated & approved by your Chaplain or Pastor as to what type of service they would prefer for their respective community. There are several ways to communicate this event, i.e. bulletin articles, pulpit announcements, & even sending an article to your local newspaper.

The Knights of Columbus Day of the Unborn Child continues to be a successful event throughout the Order where everyone comes together with friends and family to host a variety of prayer programs within their parishes and their communities that show our never-ending commitment to unborn children and their mothers.

May God bless all of you in your efforts of helping those without a Voice hear your prayers that this terrible scourge will one day be overcome.
